

March 27, 2026

Name: Saksham Gupta

Employee ID: 3603346

Dear Saksham,

Over the past year, **MetLife Global Capability Center (MGCC)** has made remarkable progress and continues to make rapid strides to deliver on the priorities outlined under our **New Frontier Strategy**. As an Enterprise capability powerhouse, we continue to expand the depth and scale of our capabilities – duly reinforced by the recently established **Technology Centers at Pune and Hyderabad**.

Our expanded talent pool of over **6200+** associates across 4 **centers supports ~457 processes** delivering **operational excellence, providing customer-centric solutions and actively building towards an AI-enabled future work environment**.

MGCC was ranked **6th on 'GPTW India's Best Places to Work For'** in 2025, reflecting our strong industry presence besides being a testimony to our inclusive culture that you have helped build over all these years. This is further reinforced by the strong **MyVoice engagement score of 87 with 96% participation**.

Complementing these achievements is our sustained **focus on learning, community outreach and employee well-being**. In 2025, we invested over **150,900 learning hours**, reinforcing our commitment to continuous growth and upskilling. Our **Wellness Canvas** delivered on wellness webinars, blood donation camps and awareness programs amongst others. **Volunteering initiatives**, directed at better serving our communities, reached over **4000 beneficiaries**. None of this would have been possible without your care, commitment, and willingness to bring to life our shared vision and goals.

As we build on this momentum, the **Annual Performance Cycle** (January 2025 to December 2025), recognizes your efforts in shaping our collective success.

Keeping in view your overall contributions and time in role, your Annual Performance rating, is "**Outstanding**", which has already been communicated to you.

An Annual Performance Bonus of **INR 60787** will be paid to you along with your March 2026 salary. Your revised compensation is attached as Annexure 1. This document provides a break-up of the revised Fixed Compensation effective April 01, 2026.

Your next salary review will be in April 2027. Unless specified in this letter, all other terms and conditions of your employment remain as per your Employment Agreement or as modified from time to time in compliance with MetLife's policies.

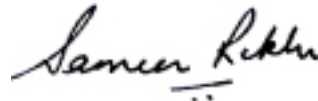

We **thank you** for the difference you make and the impact you drive. We are truly **proud to have you as a member of this team** and wish you continued success at MetLife.
